

Nederlandse Kring voor Aardse Materialen

Najaarssymposium 2008

**Mantle Processes, Rocks and Melts**

**26th November at 14.30 - 18.00,**

**Grote Collegezaal, Department of Earth Sciences, Utrecht  
University  
Budapestlaan 4, 3584 CD Utrecht**

- |               |   |
|---------------|---|
| 14.00 – 14.30 | Ontvangst / reception   |
| 14.30 – 14.55 | Algemene Leden Vergadering NKAM   |
| 15.00 – 15.30 | Gareth Davies (Vrije Universiteit Amsterdam)<br>Temporal evolution of the sub continental mantle<br>beneath the South African Kaapvaal Craton                     |
| 15.30 – 16.00 | Janne Koornneef (ETH-Zürich, Switzerland )<br><i>Winner of the 2007 W.P. de Roever Prize</i><br>The Tanzanian sub-cratonic mantle: a metasomatised<br>marble cake |
| 16.00 – 16.10 | Discussion  |
| 16.10 – 16.40 | Koffie en thee  |
| 16.40 – 17.10 | Manfred van Bergen (Universiteit Utrecht)<br>Minerals, melts and the mantle below Italy   |
| 17.10 – 17.40 | Auke Barnhoorn (Universiteit Utrecht)<br>Evidence for low viscosity garnet-rich layers in the<br>upper mantle   |
| 17.40 – 19.00 | Borrel  |
